OUR BRANDS

Kilner®

The original Kilner® Jar is as much-loved and successful now as it was over 180 years ago. As we reflect upon the brand's centuries old success, we pay homage to the Kilner® Jars long-lasting popularity. Put simply, households all over the world trust it to successfully can and pickle their fruit and vegetables.

A surge in popularity for canning home-grown fruit and vegetables, and storing food in jars rather than plastic for both its health and environmental benefits has catapulted the Kilner® Jar into the limelight in recent times. Now, not only is it an essential for the kitchen, it has become a statement of style throughout the home.

Mason Cash®

Mason Cash® has been the choice of home cooks and bakers for centuries. The origins of Mason Cash® can be traced back to a pottery operating in the heart of the British ceramic industry in 1800. Although Mason Cash® has been producing mixing bowls since the 1800's, in 1901 they designed and manufactured the very first iconic Mason Cash® Mixing Bowl. The bowl's design has endured the test of time and has become something of a design classic. In fact, the design has barely altered since then, which is why the brand is still renowned for its innovative, classic character in the world of kitchenware today.

Over the centuries, we have developed a great understanding of home cook's evolving needs and expectations, which enables us to create products which are innovative, functional and effective, using the best quality materials available. While many of the Mason Cash® items have retained their original designs, others embody contemporary twists, progressing into modern interpretations of the original.

Typhoon®

The Typhoon® journey began in 1989. From humble roots as a small British company specializing in Asian cookware, Typhoon® quickly became a globally renowned brand after introducing woks to the European market, then expanding into fashion-led homewares with kitchen storage and accessories.

The brand quickly gathered a reputation for innovative and high-quality kitchenware at affordable prices. Our stylishly designed collections have our customers home décor, lifestyle and tastes firmly at heart whether it be bold and glamorous, muted and minimalist or traditionally rustic we have something for everyone and always at great value.

Over the last 30 years, we have unveiled a variety of exciting products creating a reputation for fashion-led, affordable items. Through sustained global marketing, and placements in premium retailers and department stores, Typhoon® has firmly cemented its place in the market for design-led homewares products.

Price & Kensington®

The Price & Kensington® story started at the beginning of the 19th Century, in Burslem, England, when the innovative Price Brothers founded their earthenware manufacturing company in Crown Works. Specializing in tabletop accessories and teapots, the brothers quickly became renowned for their distinctive designs. During their time within the local area, the brothers developed a strong working bond with Kensington Potteries, who specialized in novelty teapots. This bond grew so strong that the two companies eventually merged in 1962 to become known as Price & Kensington®.

Rich in heritage and passionate about tabletop accessories and teapots, the Price & Kensington® brand continues to flourish. While teapots remain at the heart of the product range, we also offer a number of tabletop collections, including co-ordinating storage and dinnerware to accommodate all tastes and lifestyles. We understand that for generations the kitchen is the heart of the home, which remains the fundamental inspiration for our new developments.

Our Story

The Kilner® brand is renowned for its iconic glass jars and kitchenware, which have been a staple in homes for generations. The original Kilner® jar was first invented by John Kilner and Co 1842 in Thornhill Lees, Yorkshire and is as much-loved and successful now as it was over 180 years ago.

With its distinctive rubber-sealed lid, the Kilner® jar revolutionized food storage, supported by a surge in popularity for canning home-grown fruit and vegetables and storing food in glass rather than plastic due to its health benefits.

Whether storing homemade soups, sauces, or dry ingredients, Kilner® jars provide an airtight solution that keeps kitchen essentials fresh and flavorful, while also making a statement of style around the home.

Fermentation and pickling are ancient techniques that have seen a resurgence in recent years, and Kilner® is at the forefront of this revival. The Kilner® range encourages consumers to make kefir, sauerkraut, kimchi, or pickled vegetables at home with its high-quality glass jars, enabling consumers to enjoy healthful, probiotic-rich foods crafted in their own kitchen.

Kilner® has also long been associated with the art of making indulgent foods like jams and chutneys. The iconic Kilner® jars are ideal for preserving these sweet and savory treats, ensuring that homemade creations are kept fresh and vibrant. From strawberry jam to spiced apple chutney, Kilner® jars help capture the flavors of the season, preserving them for enjoyment all year round.

In this fast-paced world, Kilner® understands the importance of convenience without compromising on quality. Kilner's range of on-the-go products allows customers to take their favorite meals and snacks wherever they go. Whether it's a salad, or overnight oats, the jars' airtight seals keep food fresh, making them perfect for packed lunch or storing fresh produce in the fridge.

A well-organized pantry is the cornerstone of any kitchen, and Kilner® jars are the perfect storage solution. With their clear glass design, you can easily see what's inside, making it simple to find what you need and easily replenish. From storing dry goods like pasta, flour and grains, to keeping spices and baking ingredients neatly arranged, Kilner® jars help create a pantry that is both practical and aesthetically pleasing.

Renowned for its ranges, you'll find Kilner® products stocked in key retailers and independent stores around the globe.

200 Years in the baking.

Mason Cash® originated in a pottery factory operating in the village of Church Gresley, at the heart of the English ceramic industry in 1800. The pottery became world-renowned for producing kitchen items made from their distinct 'white and cane' glazed earthenware. The pottery was run by a series of Master Potters of whom the most colorful was William 'Bossy' Mason. During the 1800's the pottery was named after him, and when Tom Cash acquired it in 1901, he renamed it Mason Cash & Co. Although Mason Cash® had produced mixing bowls during the 1800s, in 1901 they designed and manufactured the very first iconic Mason Cash® mixing bowl. The bowl's design has endured the test of time and has become something of a design classic. In fact, the design has barely altered since then, which is why the brand is still renowned for its innovative, classic kitchenware today.

A stylized, handwritten-style logo consisting of a large, flowing 'P' followed by 'Mason' in a cursive script.

KEY DESIGN FEATURES

Originally designed in the Victorian era, the English pudding must be sealed before steaming. The rim of the Mason Cash® All Purpose Bowl is shaped for this purpose.

The vented base of the all purpose bowl allows bubbles to escape from underneath the basin, preventing it from tipping over in a pan.

The classic shape of the bowl allows easy release of the pudding after steaming, giving an English pudding its distinct shape.

COLOR MIX

Batter Bowls

The Color Mix Batter Bowls are large enough to whisk and mix ingredients together, and includes a lip and handle for when you are ready to pour. The Batter Bowls feature the iconic diamond emboss pattern seen on our distinctive Cane Mixing Bowl and come in a vibrant red or refreshing cream color.

HISTORY & HERITAGE

Our story started back in 1896 when the innovative Price Brothers founded their earthenware manufacturing company in Crown Works, Burslem, specializing in tabletop accessories and teapots. The brothers quickly became renowned for their distinctive designs. Through their hard work and dedication the Price Brothers brand saw rapid success and in 1934 they moved to the Top Bridge Works in Longport, where they became known as Price Bros Ltd.

During their time at the Top Bridge Works, the brothers developed a strong working bond with Kensington Potteries, who specialized in novelty teapots. This bond

grew so strong that the two companies eventually merged in 1962 to become known as Price & Kensington®. Rich in heritage and passionate about tabletop accessories and teapots, the Price & Kensington® brand continues to flourish. While teapots remain at the heart of the product range, we also offer a number of tabletop collections including coordinating storage and dinnerware to accommodate all tastes and styles.

We understand that for generations, the kitchen has been the heart of the home, which has been and remains the fundamental inspiration for our new developments.
